DETAILED ACTION

Allowable Subject Matter

1. Claims 2-4 and 16-27 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record neither shows nor suggests a lens system comprising an asymmetric aperture stop on the light path between a first and second lens groups (claims 2, 16 and 22). Each of said recited elements in combination as claimed cannot be made inherent or obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Charles Brill on 5/20/2005.

4. The application has been amended as follows: on claim 25, line one, delete "25" and insert - - 22 - - . Claim 25 should be dependent on claim 22, not 25.
